

## ATB – NIGHT VISION

(DD Form 2808, Block 69. 'NIGHT VISION') [As of: 1 May 2002]

### **Important notes concerning the new DD Form 2808.**

The new DD Form 2808 has a pre-printed '(Test used and score)' in block 69. However, there is no established test for night vision and therefore no score. This part of the physical is still conducted through history only.

### **Purpose/Indications.**

Mandatory for all FDMEs. Determines history of night vision problems.

### **Equipment.**

None.

### **Set-Up.**

Patient privacy.

### **Step-By-Step Procedure.**

- Ask the patient, "Have you ever had any night vision problems?" (or words to that effect.)
- If the response is negative, record 'NIBH' for 'Not Indicated By History'.
- Any positive responses must be referred to the Eye Clinic.
